How did you know us?.....

Note:

Please send Paper to info@my-itdl.com

- If you have a good camera on your smartphone you can just make a selfie with a calm background looking straight, and make photos of you driving license (both sides) and your signature.
- The International Driving Permit (ITDL) is only a translation of a driver's license and not a regular driver's license. Without a currently valid national **driver's license the International Driving Document (ITDL) is not a useful or valid document to present to any authority.**
